TOUR GUIDE(S): Your tour guide(s) are some of the most knowledgeable subject matter experts (SME) on the Guadalcanal Campaign and have years of experience in the Solomon Islands. They have been walking the battlefield and doing extensive research and conducted interviews with veterans of the campaign. Their knowledge is not limited to history and

THEIR PRIMARY CONCERN IS TOUR SAFETY!

PRE & POST TOURS: To be announced and covered in a separate brochure. Pre and Post-Tours vary from year to year and might include one or more of the following TARAWA, MUNDA, VANUATU and NOUMEA (dependent on number of participants).

MAIN TOUR: This tour (GUADALCANAL) is set up as an immersion battlefield study and focuses on group participation. There is walking and hiking involved, but as previously stated SAFETY IS PARAMOUNT. Those who elect not to participate in all activities will be able to remain with the vehicle in a safe area with local security.

TOPICS COVERED:

Pre-war Solomon Islands	Coastwatchers	Japanese conquest	Japanese plans
US plans	US invasion	Land battles	Sea Battles
Air battles	Base development/ Significance	Base closure (1949)	

SCHEDULE AND DAILY EVENTS

The exact schedule depends on the participant's selection of air travel, and daily events can be modified at the tour leader's discretion due to weather conditions or safety constraints.

**DUE TO FLIGHT/ SCHEDULING CHANGES CONSULT TOUR GUIDE
BEFORE FINALIZING ALL FLIGHT ARRANGEMENTS**

COORDINATING INSTRUCTIONS:

1: A small group tour like this is designed around a "staff ride" concept, and as such is designed to insure maximum interaction of tour participants and the tour guide(s).

2: The tour is set up for 12 participants. It can expand up to 24, but that entails coordination for another tour guide, another vehicle and another boat plus an additional hotel. So it's 12 or less or 24 or less depending on actual number of participants. This tour is not a traditional battlefield tour. Having said that, there is no substitute for walking the terrain. Therefore there will be at a minimum moderate walking on the tour. Those unable to walk will remain with the safety vehicle and local security.

3: Participants should expect to be "in the field" for eight hours a day. Lunch is "on the run" to conserve time.

4: Breakfast is generally included in the cost of the lodging.

PRICING AND PAYMENTS: All tour costs and payments are handled through Military Historical Tours (MHT), 13198 Centerpointe Way, Suite 202, Woodbridge, VA 22193-5285 (703) 590-1295. They provide the breakdown for all tour aspects.

**TOUR GUIDE DOES NOT ENGAGE IN FINANCIAL
TRANSACTIONS OR AIR SCHEDULING.**

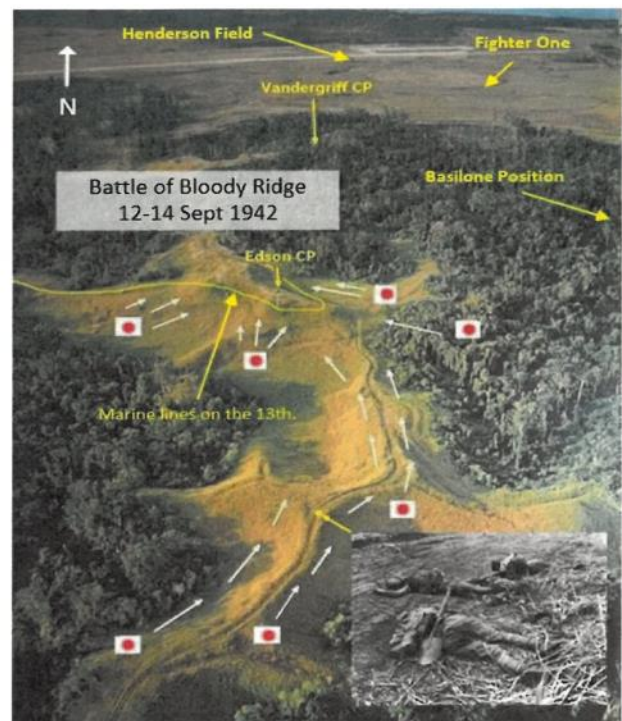

LODGING: Hotel(s) will be selected long before departure and will be selected based on price and comfort.

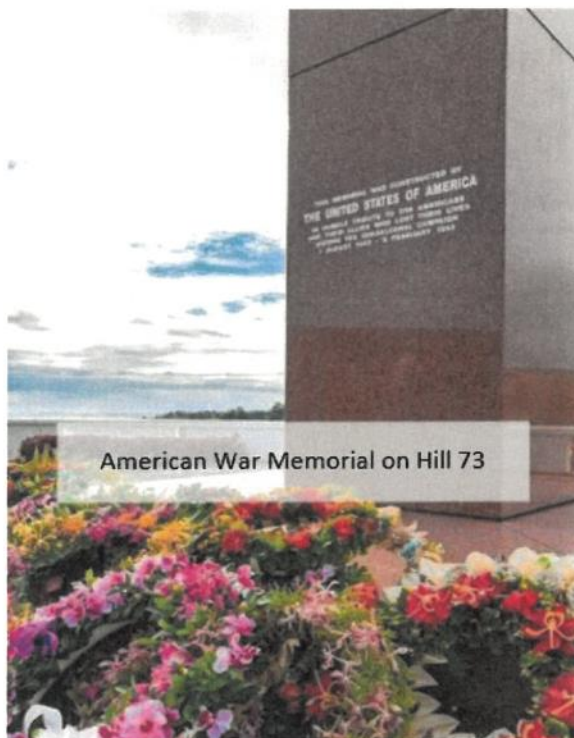

MEDICAL: Obtain a clean bill of health from your doctor before embarkation day. Guadalcanal is not the place you want a medical emergency. The tour guides can only stop the bleeding and start the breathing, treat for shock and get you to the local hospital.

INSURANCE, REFUNDS AND CANCELLATIONS: Check with MHT.

FORMAT: The tour is one tour designed for twelve participants, not twelve tours designed for one participant. Remember, you can always find a cheaper tour, but you can't find a better one, even if you pay three times the price.

GUADALCANAL! An emotion, not a name. Up until the 1970's, when many of the veterans who fought there were still alive, **The CANAL** would conjure up a national image of savagery in a jungle land battle fought at the farthest ends of America and Japan's logistical pipelines. The savagery displayed there is impossible for both cultures to imagine today. Yet it occurred. After the debacle of Pearl Harbor, the loss of the Philippines and Wake Island, America was shaken to it's core.

The battles of the Coral Sea and Midway although proclaimed as victories were naval air battles and neither lost or gained territory. **GUADALCANAL** stood out as the turning point battle of the Pacific War. It was the battle that seesawed for six months and was covered daily in the world press. The final outcome was a defeat for Japan and that nation's plan of Pacific conquest was unable to advance again after this crucial defeat.

You are cordially invited by **MILITARY HISTORICAL TOURS** to participate in a battlefield analysis tour that will cover the significant battle sites of the **GUADALCANAL CAMPAIGN**. Your tour will encompass: Red Beach (the initial landing site); Henderson Field (named after Major Lofton Henderson-a Marine pilot killed at Midway); Alligator Creek (Tenaru River); Edson's Ridge (Bloody Ridge); Skyline Ridge (American Monument); and the Matanikau River battlefield; plus many other land battle sites including Tulagi.

All of these things, along with the most experienced staff of Tour Leaders and Battlefield Guides will combine to make your trip the most enjoyable, relaxing, entertaining and educational experience possible.

Your Tour Leader **COL Joe Mueller, USMC (Ret.)** is one of the most knowledgeable subject matter expert on the Guadalcanal Campaign and has years of experience in the Solomon Islands. For 20+ years, he has been walking the battlefield, doing extensive research, and conducting interviews with campaign veterans of the campaign. His knowledge is not limited to history.

His PRIMARY CONCERN IS YOUR SAFETY!
